ANOTHER ATTACK ON LADY REGENTS

Charges of Mount Vernon Anti-Fee Association to be Pushed.

WILL GO TO CONGRESS.

Statement Will Also be Made Before Virginia Legislature at Next Biennial Session.

Washington, May 13.—The Mount Vernon Anti-Fee Association has evidence to present to a Congressional investigation committee of alleged extravagancies in the conduct of Mt. Vernon, by the Mount Vernon Ladies Association, according to statements today by the Secretary of the association, W. H. Lodwer, its attorney, and F. R. Whipple. The same testimony will be given before the Virginia legislature at its next session.

The charges include a statement that salaries have been needlessly raised and that money is being spent on the purchases of relics of dubious authenticity. Reflection is made on the employing of a caterer for the ten-days period during which the regents of the Mount Vernon Association are in session.

No more cognizance of the statements of the Anti-Fee Association may be taken by the regents than has been taken by them than of the resolution passed by the Daughters of the American Revolution with respect to Sunday opening. Officials of the Anti-Fee Association say that they do not expect the regents to take notice of their charges, but that when their testimony is given to a committee of Congress the regents will have to recognize the situation.

The statement issued by the Anti-Fee Association includes the assertion that Mt. Vernon was maintained in 1902 at a cost of $2,000, and that last year a total of $28,000 was necessary. The salary of Superintendent Dodge his been increased, it is stated, from $2,000 in 1904 to $5,000.

ELOPES WITH OWN WIFE.

Woman Leaves Home With Husband From Whom She Was Separated.

Clarksburg, W. Va., May 12.—While his father-in-law, Sherman A. Griffin was away from home, Frank A. Prichard, an insurance agent, and owner of valuable coal and timber land, took his wife, Vonda Pritchard, from her parents' home here Saturday night.

They left in a large touring car and have not been heard from since.

Mrs. Prichard was evidently expecting her husband, for her trunk was packed and waiting at the door, when, accompanied by another man, Prichad arrived at the Griffin home. The automobile drove up in front of the house and Prichard and his companion went to the front door.There they were joined by Mrs. Prichard, who hurried to the machine, despite the pleadings of her mother, who tried to persuade her to remain at home. Besides her trunk Mrs. Prichard took with her a dog valued at $900, which her father bought for her in Europe.

Miss Griffin and Prichard met about 18 months ago. The parents of the girl, who is only 17 years old, objected to Prichard's attention and sent the girl to Boston to a conservatory of music. She did not forget Prichard, however, and while home on a vacation eloped with him to Oakland, Md., and was married.

After living with her husband for a week the girl wife returned home and her father took her to Europe. Since their return she had been living with her parents.

DOG CASES IN COURT.

In the Police Court this morning two dog cases were disposed of. Sam Contee was fined $5 for permitting his dog to run at large unmuzzled and Machen Hamill was fined $5 for not having his dog properly muzzled. The latter's dog bit Edward Machen, a small boy, on last Saturday. Justice Caton also ordered the dog killed.

NEWS OF THE DAY.

The streets around public school No. 14, in Brooklyn, were black with children just let out for lunch yesterday when an automobile truck belonging to a Jersey City coal dealer became unmanagable and charged a group of little girls on the sidewalks. Mable Balmer, aged 10, was killed, and Marcellia Kelly, aged 4, was fatally hurt. Led by a few grown-ups, the children attacked O. L. Mount, the chauffeur, and were threatening to lynch him when police reserves rescued him.

Eight buildings were destroyed with a loss of $75,000 at Sharon, Pa., in the worst fire the city ever experienced. Incendiaries are blamed, and suspects are being sought. The fire destroyed four warehouses and four residences.

The British cruiser Aeolus sailed from Kingston, Jamaica, Saturday evening, ostensibly for Balize, British Honduras. The real objective of the warships, it is understood, is Puerto Barrios, Guatemala, to enforce a settlement of the long-standing claims of British subjects against Guatemala. Recently Great Britain placed a time limit on this settlement, which expires May 15. The latter part of April Guatemala made an appeal to the government at Washington against reprisals by Great Britain for Guatemala's failure to pay the claims of British bondholders. The Guatemalan Minister, in directing attention to the situation, pointed out that plans were under way for a large loan, with the proceeds of which it was proposed to pay Guatemala's British debts and reform her currency system.

Following receipt of numerous letters demanding money under penalty of death, J. Walton Lyman, an official of the Republic Rubber Company, in Philadelphia, disappeared on April 28 last, and no news of him has been received. It is feared he has been kidnapped or murdered.

The Customs Court yesterday decided that European nations are entitled to the free entry of wood pulp and paper under the "most favored nation clause" of their commercial treaties with the United States, because the free-entry privilege is granted to Canada under the only operative clause of the Canadian recipricity agreement.

Frost Sunday night damaged fruits and vegetables in Delaware to the extent of at least $1,000,000. All kinds of fruit was killed. There will not be a peach, pear, cherry, or blackberry crop grown in the vicinity of Laurel this year. Three-fourths of the strawberries were killed. Sweet potato plants will have to be reset.

More than 500 dead are lying on the field above Guaymas, Mexico, resulting from three days' desperate fighting last week. Col. Juan Cabral, who arrived yesterday at Hermosillo from the front, reported that he had estimated the killed at nearly 600 A trainload of oil and firewood was rushed south with which to cremate the bodies.

Advocating the establishment of a divorce license bureau, where a divorce may be obtained for the asking an da 2 fee, with the same simplicity that is required in getting a marriage license, Mrs. Harry Huston, director of the Parent Teachers' Federation, at Los Angeles, Cal., proposes a remedy for the present divorce evil. "I believe if a man or a woman wants a divorce he or she should be able to get it without legal disputes. The wanting a divorce is sufficient reason for obtaining it," she said.

A riot was precipitated among the mourners while the body of Mike Kndarch was being lowered into the grave at Linwood Cemetery at Blaine, Ohio, yesterday afternoon, and as a result Steve Calous is in a hospital with a bullet in his abdomen that is likely to cause death, and George Koupka, who fired the shot, is in the hospital ward of the jail at St. Clairsville, Ohio, with a fractured skull that will probably prove fatal. Calous was one of the mourners gathered about the grave. Koupka, who had a grudge of long standing against him, started into the crowd, and there was a free-for-all fight in an effort to disarm Koupka, who managed to fire a shot before he was overpowered. He was kicked and trampled and is in bad shape.

BATTLE ROYAL ON THE TARIFF BILL

Will Senate Finance Committee Conduct Hearings on Tariff?

DEMOCRATS AVERSE.

Rely Upon Forty-Nine out of Fifty-one Democratic Members to Oppose Such Procedure.

Washington, May 13. — Whether the Senate Finance Committee shall conduct hearings on the tariff bill was the issue of a battle royal scheduled in the Senate this afternoon.

Before adjournment tonight the question will probably have been forced to a roll call. The Democrats believe they will vote down any attempt by Republican "regulars" to force hearings.

The majority party relies upon forty-nine of its fifty-one members in the upper house to oppose hearings. Its dealers declare that the best service to the business world is to get through with the tariff uncertainty at once.

They aver that the House bill has the approval of the county in all important particulars, and that Republican insistence upon hearings is merely a pretext to delay until artificial protest can be raised in order to justify a panic.

Senator Penrose, leading the Republican attack, maintains that the business men of the country had no expectation, when the hearings were given by the House Committee, that the bill would be so drastic as it now appears. He proposes to filibuster against referring the bill to committee until hearing shall have been conceded.

Sharp division of the Republican Senators, however, seemed likely to be reflected in the vote today. Democrats believe that Senators Cummins, Borah, and Kenyon, and others will refuse to follow Senator Penrose's lead in any parliamentary fight. If this proves the case, the tariff measures will go at once to the Finance Committee for its consideration, and within two or three weeks will be reported to the Democratic caucus for approval.

After that will come the long debate on the Senate floor.

BACK IS BROKEN

Prevailing Cold Snap About Ready to Collapse.

Richmond, Va., May 13.—The backbone of the cold snap has been broken according to the weatherwise.

Although the thermometer went down to 38 degrees in Richmond and vicinity during Sunday night and yesterday, causing a light frost, it had risen to the 49 point by 8 a. m., yesterday, and continued to rise as Old Sol mounted higher in the heavens.

It is believed that very little damage was done by the frost in this particular section.

Up in Staunton yesterday morning soon after daybreak, the mercury was registered at the freezing point dropped to 37 degrees, making May 12, 1913, the coldest recorded there in 41 years. Other sections throughout the state report a similar fall of the mercury, though no reports of any great damage have yet reached Richmond.

An accumulation of dense cold air from the northwest is said to be responsible for the winter-like state of the atmosphere in these parts. This accumulation is now moving rapidly in a northeasterly direction, and there is already indication that warmer currents are taking its place.

AUTOMOBILE BURNS.

Accident Caused by Flareback—Occupants Escape.

An automobile owned by a Washington real estate agent, was totally consumed by fire on Roach's Hill, Mt. Vernon avenue, about eight o'clock last night. The fire was caused by back-firing. The owner and those in the auto with him were uninjured.

"THE ROMANCERS" PRODUCED.

Large Audience Witnesses Frank Lea Short Company in Delightful Play.

The production last night of "The Romancers" by the Frank Lea Short Co., for the benefit of the building fund of the Alexandria Hospital was a very pleasing entertainment. The play by Edmund Rostand is of lighter vein than those by him the public is more familiar with. It is written in delightfully sounding rythm—the theme being that youth seeks the forbidden and so the stragetic fathers of the romantic damsel and lad concerned plan to bring about a love match between the two by raising a forbidding wall between their adjoining gardens, enticing the youth to play Romeo to the fair Juliet on the opposite side.

In the second scene all is seemingly arranged to suit the scheming parents. Through ire that they are being ridiculed by the love-sick couple, the parents confess their depulicity to the girl. The boy has found the bill for the false abduction which the parents arranged and the chagrin of the young lovers that they

"Are playing parts like puppets,
As their fathers pull the strings!"

angers them into a quarrel and the boy seeks entertainment elsewhere.

The brigand who is not able to collect his exhorbitant fee on account of the broken engagement, plans to give a taste of romance to the maid who feels that she has been cheated because her Romeo was of her fathers selection. In ruffian like manner he proposes to run off with her, live in solitude with tent for shelter and ersts for fare. A day's adventure brings the prodigal son back to the shadow of the garden and the frightened maid mist happy to have her Romeo once again. Closing couplets by the quintette of finished actors were most heartily applauded.

The beautiful songs rendered in most enchanting manner added much to the enjoyment of the evening.

The armory was fairy-like with woodland scenery. Those in charge of the entertainment deserve unqualified praise for its splendid success and those attending felt appreciative of the unusual treat.

MOUNT VERNON REGENTS.

Association Averse to Opening Grounds on Sundays.

Children of Washington schools are to be taken to Mount Vernon on Saturdays as the guests of the Mount Vernon Ladies' Association.

The regents at yesterday's session of their annual meeting disposed of much of the routine work which has accumulated during the year.

Superintendent Dodge was authorized to arrange for entertaining the school children in group sof 100, accompanied by their teachers or guardians. The usual entrance fee will be waived.

The committee on the investigation of relics, of which E. B. A. Rathbone, of Michigan, is the chairman, was busy investigating claims of persons who say they have valuable relics of the first president for sale. No purchase was authorized.

The question of opening Mount Vernon to the public on Sundays, advocated by the Daughters of the American Revolution, will not come formally before the board during the meeting now in progress. Some members favor the movement but it was announced yesterday that the board was "practically unanimous against it."

The board shows every inclination to disregard the proposed investigation by Congress of the manner in which it has directed the interests of Washington's home.

KILLED BY ACID.

Dr. A. B. Fonshill, Native of Virginia, Pronounced a Suicide.

Fonshill, a dentist living at 417 East North avenue, was found dead in a room that was filled with carbolic acid fumes yesterday afternoon. Coroner Chambers, after making an examination, said that the dentist had committed suicide by drinking a quantity of the acid and had probably been dead since Saturday. No reason is known for the suicide.

DENIES TAKING FUNDS.

Admits, However, That he Eloped With Wife of Fellow-Minister.

Bristol, Va., May 13.—Rev. Joseph Owens, Baptist minister, who recently deserted his wife and children and departed from a wealthy farming section of Washington county with the wife of Rev. J. W. Blankenship, following his arrest at Welch, W. Va., is now in jail at Abingdon, Va., awaiting the action of the court. Owens doesn't deny having eloped with Mrs. Blankneship, but insists that he did not carry with him any of the funds subscribed for a new church which he propsed to build. He was located in West Virginia through Mrs. Blankenship, who, after tiring of him, betrayed him to the authorities. The wife of the Rev. Mr. Blankenship, who had been held in high esteem in the community, now relates that she was under hypnotic influence and that Owens thus had her completely under his control. It was not until the "spell" was removed that she discovered she had no love for him. She has since ben pleading for the forgiveness of her husband and wants to return to her home. Blankenship paid the West Virginia officers a reward for the arrest of Owens. Owens is accused of having carried away about $200 of church funds when he left the community with Mrs. Blankenship. Mrs. Owens and the children are in a forgiving spirit, and have visited Owens in the prison at Abingdon.

POLICE SUSPECT MURDER OF CHILD

Chas. Lewis Fails to Give Satisfactory Explanation of Boy's Whereabouts.

YARD IS DUG UP.

Man Takes His Wife's Son From Caretaker Last February and Says he Left Him in Old House.

Strong intimations of a murder mystery were developed in Police Court this morning when Charles Lewis, a negro, who is serving a sixty day sentence in the city jail was brought before Police Justice Caton to explain the disappearance of the five-year-old son of his wife, Rose Lewis. Lewis, who is 23 years old and who has a long police record, removed the child from the home of another negro woman last February and since that time no trace of the boy has been found. He declared that he had left the child one night in his old home in McDermott's court in the northweste section of the city, and that it was gone on the following morning.

Justice Caton ordered the man locked up while the police make a more thorough search of the premises to endeavor to find some trace of the boy. The yard was dug up in several places yesterday without results.

According to the testimony of the mother who has been married to Lewis for three years, she left him last February and went to Washington to live. The child was left with a negro woman by the name of Wright. Two weeks after she was gone Lewis appeared at the Wright house and took the child away. He carreid him to his parents' home, but they refusing to let him stay there, he went to his old home. He induced his wife to come back to live with him promising to tell her the whereabouts of her boy.

The woman stated in Police Court this morning that Lewis had tried to kill the child on a previous occasion.

Pittsburgh, May 13.—An explosion of gas during a small fire in the First Christian Church, Shaw avenue, Turtle Creek, at 8 o'clock yesterday evening, resulted in the injury of 14 persons, two seriously, and the destruction of the building.

The church had been lighted up in preparation for a lecture, and a number of persons were within and without the structure when a small blaze was discovered near the roof. The Turtle Creek firemen had just got their hose on the blaze when a terrific explosion occurred.

WAR ON PICKPOCKETS.

Mayor of Chicago Joins in Crusade Against Criminal Element.

Chicago, May 13.—Mayor Harrison has taken a hand in State Attorney Hoyne's campaign to rid the city of thugs and pickpockets. The mayor appeared before acting Chief of Police Schuettler with a list of 40 persons, whom he charged with being well known pickpockets, and who, he declared, had evidenced remarkable ability of getting out of jail after being arrested, charged with picking pockets.

Mayor Harrison, Mr. Hoyne and the heads of the police department at a conference agreed upon a comprehensive system of warfare upon pickpockets. All policemen have been instructed to arrest known pickpockets on vagrancy charges. Heretofore the men have been arrested on larceny charges, and in only a few cases have there been convictions.

Judge Foell, of the Supreme Court, also issued an order that hereafter the police must make a written return on every habeas corpus writ that is issued. Many of the known pickpockets arrested last week have obtained their immediate releases by habeas corpus.

The farewell meeting was held last Wednesday when about 40 members were present. A delightful supper was served after which the boys closed with the hymn, "God be with you till we meet again." It may be of interst to those who have watched the development of the club to know that three of its members were confirmed by Bishop Gibson this year.

TRUSTEES OBJECT TO RULING.

Protests From Alexandria County State Board Urged to Ignore .. Opinion of Attorney General,

Richmond, Va., May 13.—Earnest protest against the recent ruling of Attorney General Samuel W. Williams that division school superintendents must be residents of the localities they are to serve, has been made to the State Board of Education by the trustees of Alexandria county, who believe such an attitude wrong in principle. Every trustee in the county has signed the paper, which asks the board not to be guided by the decision, but to consider the schools rather than giving jobs to local men.

In consideration of the illness of Governor Mann, is is now hardly probable that the State Board of Education will go into contests for superintendents' positions when it meets Thursday. It is more likely that the uncontested places will be disposed of, and that the board will then adjourn to some day early in June. The superintendent must be elected before July 1, when the terms of all incumbents expire.

The Alexandria county protest is as follows:

Alexandria County. Va.,
May 10, 1913.

The Honorable State Board of Education, Richmond, Va.

Gentlemen—We very much regret the recent ruling of the Attorney-General on the matter of electing non-residents to the positions of division school superintendents, as we trust that in the coming elections you will not be guided by this decision.

While your doing so will not affect our county, our superintendent, whose re-election we desire, being now a citizen of Alexandria county, we should regret seeing this backward step taken by the State Board of Education.

Having had for four years a division superintendent who had never met a man in this county until he came here to take office, we feel that we can speak on this matter with some authority. As we were four years ago, we are now unanimously of the opinion that the education of the children of our county is of infinitely more importance that providing a job for a local man. The very best possible man in the State of Virginia or outside is none too good for the position of division superintendent. As a plain business matter this should be apparent to anybody. The public schools of our state will never reach their highest development, or even serve the people commensurately with their expenses until they are administered by capable men of professional training and experience.

If the great Commonwealth of Massachusetts a few years ago could search the nation for a state superintendent and choose a professor in Columbia University for the position; if Woodrow Wilson, when Governor of New Jersey, could bring to the office of State School Superintendent at a salary of $10,000 per annum the superintendent of Indianapolis, Ind., if no cities in the Union other that those in Virginia are restricted in their choice of superintendents to local men, should not out counties have for school superintendents the best men of Virginia, regardless of their local residence?

(Signed)—R. A. Wilkinson, chairman; George W. Zachary,clerk; Jno. H. Trimyer, Jefferson District. Frank Upman, chairman; E. M. Shreve clerk; B. G. Foster, Washington District. Charles B. Munson, chairman; W. A. McShea, clerk; Ralph Baldwin, Arlington District.

PLAN TO TEAR DOWN HILL.

Filling in of Moat at Fortress Monroe to Give Room For Battery of Big Guns

Newport News, Va., May 13.—According to a reliable report in circulation at Old Point, the War Department will present a recommendation to the next session of congress asking for authority to tear down the ramparts and fill in the moat around Fort Monroe.

It is understood that the army authorities have figured that by leveling the ramparts and filling in the moat that the area of available ground around the reservation would practically be doubled and as that is one of the necessities of Fort Monroe, it is beliveed that the suggestion will be accepted by congress.

The ramparts cover a space of several miles, while the moat almost entirely surrounds the interior of the big army post.

In the section of the ramparts near the main gate is the barrack occupied by Jefferson Davis, the president of the Confederacy, during the time he was under arrest at Old Point.

In many places the ramparts are about 40 feet in height and it is proposed to use the dirt taken from them in filling in the moat.

DEATH OF JOHN S. WISE.

Noted Lawyer And Politician Victim of Pneumonia.

Princess Anne, Md., May 13.—John S. Wise, of Virginia and New York, lawyer, author and politician, died at noon yesterday at the summer residence of his son, United States District Attorney Henry A. Wise, of New York, near Princess Anne, Md. Dr. Charles W. Wainwright, of Princess Anne, the attending physician, said Mr. Wise had been an invalid for the past six years. For six months he was in a hospital at Bryn Mawr, near Philadelphia, but left there on May 6 for his home, Kiptopeake, in Northampton county, Va., and stopped over at the summer home of his son. Shortly after his arrival here he was stricken with pneumonia, which terminated in hemorrhages of the lungs, one attack coming last Sunday and another yesterday morning, which caused death.

Mr. Wise was the son of the late Governor Henry A. Wise, of Virginia, and was born in Rio de Janeiro, in 1864, while his father was United States Minister to Brazil. He graduated from V. M. I. in 1864, and served through the remainder of the civil war a sa second lieutenant in the Confederate army. In 1867 he graduated from the University of Virginia, with the degree of bachelor of literature. He was Congressman at Large from Virginia about 30 years. He was defeated for governor of Virginia in 1885. In November, 1869, Mr. Wise married Miss Evelyn Beverly Douglas, of Nashville, Tenn., who survives him, with the following children: Hugh Douglas Wise, captain in the United State sarmy; Henry A. Wise, and John S. Wise, Jr., of New York; Mrs. Perrine Barney, of Cape Charles, Va., Jenning C. Wise, of Virginia Military Institute; Miss Margaretta Wise, and Byrd Douglas Wise. One sister, Mrs. A. J. W. Hobson, of Williamsbhrg, also survives him.

PASSING OF ANOTHER VIRGINIA POLITICIAN.

The announcement of the death in Princess Anne county of John S. Wise will be found elsewhere in the Gazette. For many years Mr. Wise had ceased to be a factor in Virginia politics, he having removed to New York city in 1888. Apart from his reappearance in Virginia in 1891 as counsel for Haines who killed Harrigan in Hampton Roads that year, he had long since ceased to attract attention in the political arena. He had recently concentrated his labors in the literary field.

The death of John S. Wise will bring to mind many interesting and thrilling scenes in the Old Dominion in reconstruction and readjuster days. Mr. Wise passed the early part of his life amid stormy scenes. After serving as a lieutenant in the Confederate army, he settled in Richmond after the close of hostilities and began to attract attention by writing articles for the newspaers suggestive of the "Letters of Junius." His nom de plume was "An Old-fashioned Gntleman." His perfect familiarity with political issues, his insight into the many movements launched and his ability to wield wit and invective, made him a formidable antagonist either with the pen or in the forum.

During the heat of the campaign was one of the most active propagators of that platform, and in 1882 was elected congressman-at-large from Virginia.

In 1885 he was a candidate for governor against the late General Fitzhugh Lee. The latter refused to meet him on the stump. Lee was elected by a large majority.

Durin gthe heat of the campaign Mr. Wise passed through many thrilling experineces, sometimes engaging in firsticuffs with adversaries.

His contests with Parson Massey on the stump are well remembered by many now living.

Impetuous and impulsive, with a nature akin to that of his father, the famous Henry A. Wise, he uttered what he thought, regardless of consequences.

While candidate for governor he delivered an address at Armory Hall in Alexandria. On the way from Washington to this city early that night he had a fight with the late John Ambler Smith, at one time Congressman from the Richmond district. The meting was captured by the friends of Fitzhugh Lee, and, to add to the confusion, Smith made his appearance in the hall. The latter interrupted Mr. Wise and used some unconventional terms in addressing him. Friends, however, kept the belligerents apart and nothing serious followed.

DESERTED HIS SILENT WIFE.

Magistrate Reminds Defendant Most Men Prefer Them So.

Philadelphia, May 13.—A woman's silence is not just cause for a husband leaving home, declared Magistrate Gorman yesterday, at the Cnetral Police Court, when he held James Nichol, of Grenwich, Point, in bail for trial. Nichol was arested for deserting his iwfe an dtwo small children, and the prosecution was ably conducted by his mother-in-law, who told the Magistrate that Mrs. Nichol was in such a highly nervous state that she was unable to appear. She declared that the man had left home on Tuesday, and that his leaving had brought about the illness of Mrs. Nichol. Nichol, through his attorney, said that his wife had not spoken to him for a week before he left an dthe lawyer contended that the silence of a woman for a week was sufficient cause for a man to leave his home.

The Magistrate, however, intimated that some men prefer silence in a wife.

Seaborn, of Roanoke; grand senior warden, W. C. Louhoff, of Danville; grand scribe, E. M. Bauch, of Lynchburg; grand treasurer, Geo. W. Hill, of Norfolk; grand junior warden, J. T. NEGRO ASSAULTS OFFICER.

Make Daring Attack While Being Brought to Police Station.

Richmond, May 13.—County Officer R. W. Bendall was assaulted last night about 12:40 o'clock by two negroes whom he was taking to the county jail, and was badly beaten over the head. The negroes who were under arrest on the charge of taking an automobile belonging to a citizen of Henrico, escaped, after knocking the officer down.

The officer, with his prisonere, was attempting to catch a Main street car, having just alighted from a Westhampton car at Robinson street. Officer Bendall was slightly in front of the men. One of the negroes dealt Mr. Bendall a stunning blow. He fell, and in striking the ground badly cut his face.

An alarm was sent out at once. A number of the employes of the street car company ran from the nearby barns. Some of them started in pursuit of the negroes, others helped Mr. Bendall into the barn, and the police and ambulance were sent for.

It was found that the officer had a severe scalp wound.

MYSTERY IN PAINTER'S DEATH.

Found Near Office Building With Deep Hole in His Head.

Roanoke, Va., May 13.—Mystery surrounds the death of Dan Quinn, a young painter of Salem, who was found in an unconscious condition early yesterday morning near the general office building of the Norfolk and Western with a deep hole in his head just above the right eye.

Quinn was first seen about 4 o'clock by a colored porter in the building, bu as drunks frequently are found at this spot early in the morning and awake later in the day, no attention was paid to the prostrate form. It was after 7 o'clock before one of the office employes showed sufficient interest to make an examination of the man's condition. No sooner had he noted Quinn's serious condition than he telephoned the police.

The man was rushed to a hospital where an operation was at once performed. He died, however, without regaining consciousness. While the police believe that Quinn was murdered, there are no signs of a scuffle at the spot where he was found to indicate that there had ben a struggle. It is believed Quinn was carried to the spot after he had been murderously assaulted. The man leaves a widowed mother in Salem.

A COG IN THE BIG MACHINE.

The earth swings on through the countless years on its never-ceasing grind,
And every human soul its place in the fields of work must find,
For each one has a space to fill, be it prominent or unseen,
For every man, whether small or grand, is a cog in the big machine.

Professions, trades and lowly toil, office, shop or farm,
Some labor each one is called to do by the great Earth's still alarm,
Some work in the winter's chilling frost, or amid the summer's green,
For every man, whether small or grand, is a cog in the big machine.

TRIES TO KILL HIS WIFE.

Husband Angered Because Spouse Danced With Former Admirer.

Philadelphia, May 12.—Angered because his wife persisted in dancing with a boarder in the house while her baby lay crying in its crib, Nicholas Maynon, drew a razor from his pocket last night and slashed the woman on the face and neck. Believing that he had killed her Maynon then attempted to commit suicide by cutting his wrists. Boarders in the house prevented him from seriously injuring himself. The man and his victim were taken to the Pennsylavnia Hospital. The woman is not expected to recover.

Yesterday was the third anniversary of the wedding of the Maynons and a score of friends were invited to the Queen St., house to be guests of an elaborate party.

Mrs. Maynon persisted in dancing with a former admirer and further angered her husband by forcing him to look after the wants of their two infant children. Unable to quit the younger child, the police say, Maynon requested his wife to go to the second floor of the house and attempt to put it to sleep. When she refused he began to slash her.

STEAMER RAMMED AND SUNK.

Submarine Collides with Steamer in Elizabeth River.

Norfolk, Va., May 13.—While enroute to the Norfolk Navy yard last night, convoyed by the monitor Tonipah, submarine torpedo boat C-5 rammed the steamer Anna amidship and sank her immediately. The collision occured at the Norfolk navy yard, about 8 o'clock.

The Anna, which plies between Norfolk and points in North Carolina had just left her pier bound for Elizabeth City, N. C., when she was struck by the submarine. She carried a mixed cargo of freight, a crew of seven, and five passengers.

The lookout on the steamer, it is said, did not see the submarine in time to prevent the collision, and the crash came before those on board the Anna were aware that there was danger. The submarine struck the steamer almost amidship, on her starboard side, and the sharp bow was buried halfway in the steamer's side. For several minutes the submarine was in danger of being carried down with the steamer.

The monitor Tonipah blew for assistance when the crash came. The tugs Lynnhaven and Wahneta were the first to reach the Anna and rescue the crew and passengers. Three members of the crew and two of the passengers were pulled out of the water and the others were taken off the sinking vessel before she went down.

But for the fact that the nose of the submarine imbedded in the hold in the Anna's side, the steamer would have probably gone down sooner than it did. When tugs pulled the submarine free from the steamer the latter went down like a rock.

C-5 was one of the submarines that arrived last night from Newport.

TO INVADE IRELAND.

Suffragettes Preparing Propaganda in Emerald Isle.

The recent outbreak of militantism is only a foretaste of a campaign, which, according to information received by the police, the suffragettes have planned to carry out in Dublin for the purpose of showing their resentment of the action of the nationalist members of parliament, whom they hold responsible for the defeat of the suffrage bill.

Several expert militant firebugs are here from England for the fixed purpose of organizing the incendiary features of the campaign. These militants are being closely watched by detectives, and elaborate precautions were taken tonight to guard the theaters, music halls, and picture shows.

One of the bands of militant suffragettes assigned to interfere with the pastimes of the men of the British Isles celebrated Whitmonday, which is a general holiday, by burning the headquarters of the Nottingham Boat Club on the banks of the river Trent. The structure, which contained many valuable racing and other skiffs was destroyed, the loss being $10,000. Three oil cans and a woman's bonnet were found nearby.

Officials of the Midland Railway received an anonymous letter yesterday saying:

"It is my duty to inform you that a desperate act will be attempted in a few days to wreck a main line express."

A bomb, operated by clockwork, was discovered yesterday under the veranda of the pavilion of the Limpsfield Tennis Club, in Surrey. Suffragette literature found nearby indicated that a nexplosion had been planned by militants.

GROUND UNDER SOD CUTTER.

Youth Killed on Farm Father Rented to Please Him.

Salem, N. J., May 13. — Charles Robinson, Jr., the 16-year-old son of Charles Robinson, a farmer of Lower Penn's Neck Township, met death in a horrible form yesterday while at work in one of his father's fields. Young Robinson was driving two horses to a sod cutter, when he fell from the seat. His foot caught in the reins and the machine passed and repassed over him until he was released. It was too late then for death had been almost instantaneous.

The boy had been working away for several months, and, in order that he might be with his father and mother, they rented a farm this spring and went to farming just to please him. They are nearly prostrated with grief, as he was their only son.

COURT SITS ON CIGARETTES.

Boys Caught With Them to be Punished Under New Law.

Strodusburg, Pa., May 13.—Justice C. B. Staples, in Court yesterday, announced that he would see that the new cigarette law, signed by the governor should be rigidly enforced. Judge Staples said it would not do for a boy to say he found the cigarettes, for that excuse would not be received. If a boy sees cigarettes lying in the street he has no business under the new law, to pick them up.

His Honor stated that it was the purpose of the Court to enforce the law to the letter, and he added that, under it provisions, a boy had no right to have a cigarette in his possession.

Constables were informed that it was their duty to make boys tell where they got cigarettes and help enforce the law.

HELD ON PANDERING CHARGE.

Los Angeles Woman Pleads Not Guilty and Bail Fixed at $20,000.

Los Angeles, Cal., May 13. Miss Emma J. Goodman, alias Josie Rosenberg, pleaded not guilty yesterday to two grand jury indictments which charged pandering.

She is accused of having been the means of introducing Irene Marie Brown-Levy, 17 years old, and Clo Helen Barker, 19 years old, to Geo. H. Bixby, the Long Island milionaire indicted on charges of having contributed to the girl's delinquency. The woman is in jail in default of $20,000 bail.

It was announced that the inquiry of the grand jury this week would revolve around the following questions:

Was there a blackmail ring in Los Angeles, made up of women, detectives and men of uncertain, who "bled" wealthy men who came within their grasp?

Are certain resorts protected by police officers and private detectives?

The relations of certain men and women to the presence of young girls in lodging-houses of ill-repute.

NEWS OF THE DAY.

The second attempt within 48 hours to wreck an Erie Railroad train was made at Ferndale, a lonely way station 4 miles north of Paterson, N. J., last night, when train No. 70, bound for Jersey City, ran into an obstruction of iron bumpers, fish plates, angle irons, and other material. The train escaped derailment. Had the locomotive left the track the five cars would have been hurled into a deep ditch and a loss of life would have followed.

Broadway, New York, saw an unusual parade of striking barbers, yesterday. Several hundred of them marched north on the thoroughfare in shops as they proceeded to prosecute their propaganda. In several shops where patrons were ebeing shaved the barbers quit work abruptly upon being threatened. Sympathizers and idlers fell in line behind the paraders, and at Herald Square there was much disorder when stones began crashing through plate glass windows. Police resrves were summoned an da nofficer was detailed to guard each barber shop. Several patrons of hotel shops complained to the police that they were threatened by men carrying razors when they sought to enter shops.

Five employes of the Texas Pipe Lime Company were instantly killed yesterday at Collinsville, Okla., by a stroke of lightning. Two others were injured, probably fatally. The men were driving to the company's oil field, three miles from town when the bolt struck them. Three other men on the wagon escaped. Many oil tanks were set on fire an dthe damage is estimated at $100,000. Rain fell in torrents and much property was washed away.

Fire, starting either from a locomotive spark or defective electric wiring, destroyed the big plant of the Clarksburg, W. Va., Lumber and Planing Mill Company, on West Pike street, yesterday afternoon, and for a time threatened the western residential section. The planing mill company's loss is $80,000, with insurance of $30,000.

The government caused a surprise late yesterday when counsel announced that it would rest in the case of Jack Johnson being tried in Chicago on charges of violating the Mann law. The action followed a long dispute between the attorneys in Judge Carpenter's chambers. The case was adjourned until today. Belle Schreiber, for whose transportation Johnson is charged to have paid, was the chief witness yesterday. The government rested after Judge Carpenter sustained the objection of the defense to any testimony of events prior to July 1, 1910, the date on which the Mann law became effective. Two of the 11 counts against Johnson were dismissed by the government.

SCANDAL IN HIGH LIFE.

People Very Prominent in British Social Life Involved.

London, May 13.—Many names well known to the political and social orld are involved in a divorce suit brought by Hubert William Culing Car-Gomm, liberal member of Parliament for Rotherhite, in which he names as co-respondent a fellow-member of the lower house, Eliot Carshay-Williams, Liberal member for Leicester, who is parliamentry private secretary to the Chancellor of the Exchequer, Lloyd-George. The case will be reached on the calendar in about a month, unless eleventh-hour developments should interfere.

Mrs. Carr-Gormm is well known London society for her beauty and charm. According to the allegations of her husband, she and Crawshay-Williams first met at an official reception at the residence of the Chancellor in Downing street. Other meetings followed, but it was not until the Carr-Gomms went to stay at the home of Mr. and Mrs. Lloyd-George at Criceieth, Wales, that the friendship ripened into intimacy. It is alleged that the misconduct complained of occurred at the home of the Chancellor at Criceith and later in the Downing street residence.

It's almost certain Lloyd-George will be summoned to appear as a witness. Frantic efforts to prevent the washing of dirty linen in public are being made. It is said by those possessing intimate knowledge of the details of the case that Carr-Gomm is being persuaded to accept a baronetcy as a solace for his outraged feelings and as a means of effectively stopping him from taking the case into court, but that he does not look kindly on the proposal.

Mr. Carr-Gomm was formerly private secretary to Sir Henry Campbell-Bannerman. Crawshay-Williams was married in 1899 to one of the most beautiful young women in London.

YOUR HAIR IS TURNING GREY AND IT MAKES YOU LOOK OLD

This is Not the Time When Old Age is to be Desired

TO KEEP POPULAR KEEP YOUR APPEARANCE OF YOUTH

A young man was surprised to have his application for a position "turned down." He was better equipped for the position than the fellow who got it. He discovered that his grey hairs did it. He was "too old" looking. It's the same everywhere. There is no doubt but that grey hair does make a man look old. There is no use waiting another minute—don't lose your position or fail in getting a better one because you are old looking—use Hay's Hair Health now.

Those who are using Hay's Hair Health recommend it to their friends, because it is genuinely good, always restores grey hair to its natural color; destroys dandruff, keeps the scalp clean and healthy. You begin to note the difference at once. The few grey hairs disappear and never return.

Why look old when you are young? Get a bottle of Hay's Hair Health at once, start using it and see what a difference a few applications make.

Sultan of Turkey Same as Humble Subject in American Court.

New York, May 13.—The Sultan of Turkey, through his legal representative has been notified that in an American law court his position is the same as that of his humblest subject. The question of the Sultan's eights as a litigant arose in the Supreme Court, which has before it the Turkish ruler's suit to get possession of $10,000 insurance money on the life of H. S. Tavashanjian, a wealthy Armenian merchant, who was assasinated here in 1907.

The policy in question was in favor of Mr. Tavshanjian's mother, who, until her death, three years ago, residet in Armenia. Justice Davis heard arguments today on the demurrer to the Sultan's action interposed by the custodians of the Tavshanjian estate in New York. These defendants asked that the Sultan give the customary security for the payment of costs.

Justice Davis said he had received a letter from the Turkish consul general here requesting that in view of the plaintiff's nistinguished rank he be released from this obligation. In denying the request Justice Davis said that it did not matter whether a plaintiff was a potentate or one of his subjects and that kings, sultans, and emperors should not import their domestic affairs into American courts.

TAFT SHOWS RECALL DANGERS.

Delivers Fourth Lecture in Course at Yale College.

New Haven, Ct., May 13.—In his fourth lecture on Some Questions of Modern Government, at Yale yesterday, Prof. William H. Taft, characterized the form of government, advocated by the Progressives as "hair-trigger" and "leading to anarchy and a depotism of the majority." Profesor Taft's statements were made in connection with his discussion of the recall of legislative and administrative officers. He promised to discuss the recall of judicial decisions which embodies the recall of judges at a later date. "The objection to the recall is not that it takes away the office from the official," he said, "but that it is an obstacle to the efficiency of government. Men do not administer government fearlessiy, under government of which the recall is a part but administer it so that their enemies may have the opportunity to make malicious attacks upon them. Government is for the purpose of accomplishing something. Had men like Washington, Jefferson, and Madison served under the recall they would probably all have been recalled. Time has since said of then 'Well done ,thou good and faithful servant.'

"Such hair-trigger method of government are said to be progressive. They are not. Instead, this is retrogresison; it is going backward; it is adopting a feature of government rejected years ago.

"Leaders of this movement dwell upon the statement that the people have been seized with an almost religious zeal for cleaness of government. Aspirations for better things ought to be ridiculed by no one; but has sin left us? Are we not all subject to the same weaknesses that have been recognized for 6,000 years.

"Is there not in every line of the campaign speeches, platforms, and utterances of the men of the new school the assumption that they have discharged al of their duty and that their sole feeling in the matter is one of brotherly love?

"The sole thought in all is socialistic—the idea to make the rich poorer and the poor richer, a leveling of porperty holdings. Ultimately this fact will be known."

PREFERS JUDGE TO JURY.

Milwaukee, Wis., May 13.— John Fleckenstein, charged with murder yesterday begged the municipal court to try him without a jury, declaring that he believed his chance of a fair trial better before Judge Backus than before a jury. He is to plead self-defense after having shot Walter Shalock in a dance hall brawl. Fleckenstein was managing a private dance when Shalock and friends tried to break it up. In the mele Shalock was shot and Fleckenstein gave himself up.

"I do not need a jury," he said to Judge Backus, "all I want is justice, and I would rather rest my chances on your honesty than that of a dozen men, who don't care whether I am innocent or guilty."
